TO : Members of the Free Conference Committee on HB 645

FROM: Harold Blattie, Executive Director

RE: HB 645 - County and City Projects

With your action this morning to enumerate the county and city projects in HB 645 through the adoption of amendment HB0645535.agp, I respectfully request your consideration of four changes requested by counties.

## **Deer Lodge County (County Allocation)**

DELETE: energy upgrades and renovation of city hall"

INSERT: "street light renovation"

## **Lincoln County**

INSERT: Kootenai business park improvements

## **Powder River County**

DELETE: " county road reconstruction and gravel"

INSERT: "Powder River County fire hall"

## **Anaconda -Deer Lodge (City Allocation)**

DELETE: energy upgrades and renovation of city hall"

INSERT: "street light renovation"

**Anaconda Deer Lodge County** originally requested street light renovations for both their city and county projects and are what both MACo and the League of Cities and Towns submitted. When HB 645 came out of House Appropriations, ADL's projects had been changed from what was requested. This change will restore their original request.

**Lincoln County** submitted two projects, however I inadvertently omitted the Kootenai Business Park project. This change will also restore the county's original request.

**Powder River County** was under the understanding that they could not submit a project that already involved the use of any federal funding because generally federal funds cannot be used to match federal funds. When House Appropriations took up executive action, the question of whether the funds allocated for city and county projects was federal money or freed-up general funds, the response was the latter. With this information, Powder River County would like to change their designated project to the Powder River County Fire Hall
